

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

#### Usage guidelines

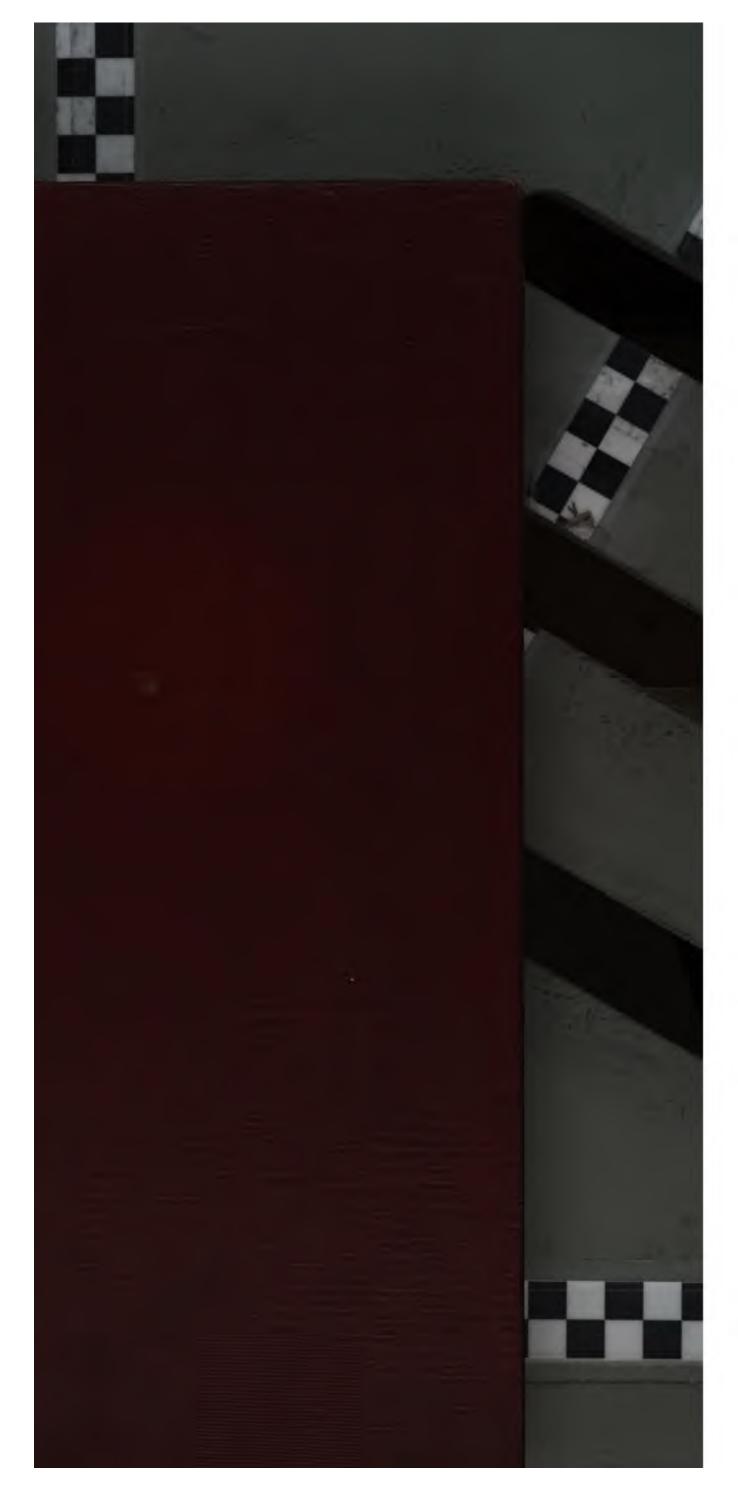

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + Refrain from automated querying Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

#### **About Google Book Search**

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at http://books.google.com/

# CAPE OF GOOD HOPE.

## REPORT ON RETURNS IN STATISTICAL REGISTER, 1905.

#### DEFENCE, 1905 (PP. 23-24).

NAVAL FORCES.—There were in April, 1906, on the Cape of Good Hope Station 4 men-of-war, mounting in all 39 guns, and showing a combined tonnage of 17,595.

MILITARY FORCES.—The strength of the Imperial Land Forces serving in the Colony in March, 1906, was 4,020 officers and men, viz.:—Cavalry 592, Artillery 912, Royal Engineers 349, Infantry 1,722, Army Service Corps 167, Royal Army Medical Corps 117, Army Ordnance, Pay and Veterinary Departments and Military Prisons Staff Corps 112, and Miscellaneous Details 49. The total number of officers and men in October, 1905, was 3,751, and 3,740 in March, 1899.

C.M. RIFLEMEN.—This regiment had on 31st December, 1905, a strength of 36 officers, 71 non-commissioned officers, and 591 privates, besides 49 native troopers—together with in all 782 horses and 139 mules.

VOLUNTERES.—Classified by services, the Volunteer force was distributed as follows in 1905, viz.:—Artillery—Field, 2 Corps of 324 members; Garrison 1 of 438; Light Horse, 4 of 854. Riftemen—Mounted, 1 of 211; Foot, 11 of 3,059. Medical Staff Corps—1 of 213. Cudets—47 of 4,327. Mounted Rifte Clubs—4 of 198. Naval Volunteers—1 corps of 263 members. In all, 72 corps with 467 officers, 742 sergeants, 579 corporals, 255 buglers, 13 petty officers (Naval Volunteers), and 7,831 privates, gunners, leading men and men.

Cape Mounted Police.—This body of men (1,467 Europeans and 251 natives) is available for the defence of the Colony, being fully armed.

Cape Medical Corps.—Permanent Section—The number of officers and men belonging to the permanent section of the Cape Medical Corps was 27.

#### POPULATION, AREA AND ELECTORS (PP. 25-36U).

Census Tables.—The population of the Colony as bounded at the Census date, 17th April, 1904, was 2,409,804 persons, of whom 1,218,940 were males, and 1,190,864 females. The Europeans or White Persons numbered 579,741, and Other than European 1,830,063. The rate of increase of population is shown in the following comparative Table, for the Colony as constituted and bounded in 1891, i.e., for Sections I. and II., including the township of Port St. Johns (407 persons—181 white and 226 other).

Race.	Population of the Co and bounde	lony as constituted d in 1891.	Incr	Increase per annum per	
	1904.	1891.	Numerical.	Per cent.	1,000 persons.
European or White	1,158,980	376,987 838,136 312,101	192,454 320,844 82,460	51·05 38·28 26·42	32·23 25·24 18·20
Total	2,122,982	1,527,224	598,758	39 01	25 · 64

Pondoland (excluding the township of Port St. Johns) and Bechuanaland—the Territories annexed since 1891—show a combined total of 286,822 persons. The population of Pondoland was estimated to be 800 Europeans and 165,280 Other in 1896; it is now returned at 1,113 Europeans and 201,644 Other. In 1891, there were in Bechuanaland 5,211 Europeans and 67,525 Other, as against 9,368 and 75,104 respectively in April, 1904.

### CENSUS OF BRITISH SOUTH AFRICA. (South of the Zambesi River.)

In the following Tables the Cape Colony figures are compared with those of the other Administrations in British South Africa. In each case the Census was taken on the 17th April, 1904:—

			European	n or White.	Other than Eu	Other than European or White.

Area.—The Area of the Colony with its annexed territories, including Pondoland and British Bechuanaland, is none set down as 276,995 square miles. Passengers.—From returns compiled by the Customs Department, it seems that the number of adult passengers (including children calculated to ordinary scale as adults) who arrived by sea from ports beyond the Colony was 33,775, against 32,282 in 1904, and 61,870 in 1903, while 34,633 left these shores. Naturalization.—1,124 aliens (786 of whom were form in Russia, 89 in Germany) were granted letters of naturalization in 1905, against 775 in the previous year.

Electura.—The Legislative Courcil General Election for 1903 was carried out on an electoral roll of 135,177 voters—an increase of 25,289 on the number on the lists in 1898. In the electoral provinces of the North Kastern (11,753 voters), Griqusland West (8,357 voters), and British Bechuanaland (1,702 voters), there were no contests. For the remaining 6 provinces 197,148 votes were actually recorded out of an assumed total of 310,095 available. The Assembly General Election of 1904 was also conducted on the same roll. In 13 divisions there were no pollings, in the remaining divisions 156,215 votes were actually given out of a calculated available total of 303,303. The provisions of the Ballot Act preclude the publication of any detailed statistics on this subject.

Act 5 of 1904 provided for 3 additional members for the Legislative Council and 12 additional members for the House of Assembly.

Act 5 of 1904 provided for 3 additional members for the Legislative Council and 12 additional members for the House of Assembly. These were subsequently returned at a Bye Election—see note on p. 36r.

The present conditions of the Franchise under Act 9 of 1892 may be briefly described as follows:—(1) Every male person fully 21 years of age, who occupied for 12 months preceding registration, house or other building worth £75, or (2) Every male person, fully 21 years of age, who for 12 months preceding registration, had been in receipt of salary or wages of £60 p.s., provided such male person can sign his name and write his address and occupation, shall be capable of being registered as a Parliamentary Voter; but the provisions of Act 9 of 1892 are not applicable to any person who on the 16th August, 1892, was registered as a Voter in any fiscal division as long as he continues to reside in division where he was registered, and regist red holders for six months preceding day for registration of Voters, of licences to dig or search for diamonds in divisions of Kimberley, Barkly West, Herbert and Hay shall be entitled to be registered as Parliamentary Voters.

The Number of Electors now stands at 142,939 (New Roll, 1905).

#### VITAL AND METEOROLOGICAL (PP. 37-54).

Murriages.—The total number of marriages solempized during 1905 was 10,540, a decrease of 1,486 as compared with the previous

year. The commercial depression during 1904-5 has no doubt exerted an adverse influence on the marriage rate.

8,741 marriages were registered in 1900, 9,552 in 1901, 12,179 in 1902, 12,219 in 1903, and 12,026 in 1904.

The Returns for 1905 show that Friday was again regarded as the uppropitious day for the solemnization of the marriage ceremony, as out of 10,540 marriages 354 (compared with 376 out of 12,026 in 1904) of the whole took place on that day.

Tuesdays were most frequently selected, 3,696 or 35·1 per cent. occurring then (35·2 per cent. in 1904 and 36·5 in 1903); Mondays coming next with 3,135 or 29·74 (30·9 in 1904 and 29·2 in 1903), while 1,629 happened on Wednesdays, 765 on Thursdays, 458 on Saturdays, and 503 on Sundays.

The largest number in a full week was 297 in the seven days ended on 29th April and the lowest 156 in May. In 9.185 cases bears

The largest number in a full week was 297 in the seven days ended on 29th April, and the lowest 156 in May. In 9,185 cases banss were called by Ministers of Religion or by Resident Magistrates, the remaining instances, 1,355, being by special licence. The number of marriages before Protestant Clergymen was 9,083, Roman Catbolic 296, Orthodox Greek Church 2, and Jewish 98, while 1,046 (or 9.9 per cent.), compared with 1,108 (or 9.2 per cent.) in 1904, 1,334 (or 10.9 per cent.) in 1903, 11.1 per cent. in 1902, 10.6 per cent. in 1901, 8.0 per cent. in 1900, 7.0 per cent. in 1899, 6.4 per cent. in 1898, and 5.8 per cent. in 1897, were dealt with by Magistrates, under the provisions of Act 16 of 1860. The majority of the parties wedded belonged to the Dutch Reformed Church, the number of marriages being 2.783

the number of marriages being 2,783.

The Church of England follows next with 2,109, which was 470 in advance of the Wesleyan Church, while Congregational, including Independent and London Missienary Society, show 1,005 marriages. In point of Education 28:12 per cent. of the wives and 28:52 per cent. of the husbands could not write their names. It appears that in 761 cases widowers married spinsters, in 341 bachelors married widows, and in 304 widowers married widows. There were 75 cases relating to divorced wives or husbands. Hospitals and Asylums. Diseases and Deaths—The abstract by Classes and Orders indicates generally the relief afforded by each main Hospital, Infirmary or Asylum. It will be convenient to summarize the results arrived at as regards each of the Hospitals for Acute cases, Infirmaries and Asylums separately for 1905, thus:—

previously resided in some locality not in the neighbourhood of the Institution where they were treated, and 169 had been under care for a year or more, 43 for 6 to 12 months, 65 for 3 to 6 months and 162 for 1 to 3 months. In regard to Ages, the deceased fall into the following groups, viz.:—less than 5 years, 132; 5 to 15, 53; 15 to 35, 495; 35 to 65, 484; 65 and upwards, 146; unknown (probably adult), 16.

In the Gael Hospitals in the Colony 3,889 cases (1,314 whereof were those of white persons) were treated in 1905, and there were 116 deaths, of whom 13 were Europeans. Diseases due to specific organisms numbered 994 and deaths 41; to Dietetic disease and Chronic Poisons 229 and 3, to Constitutional causes 276, none of which were fatal. Local diseases were 1,655 in all, with 53 fatal issues.

Suicide.—Six white and 27 coloured females committed suicide in 1905, and 58 white and 26 coloured males; 47 persons hanged themselves, 30 used firearms to take their own lives, 16 took poison, 12 cut their throats, 4 perished by drowning, and 8 perished oth rwise.

Temperature.—The highest figures for maximum mean temperature for the series of years is 79.4 at Kimberley, and the lowest 42 at Aliwal North, Kimberley being 49.8. For a series of years ended in 1905 the monthly averages figured as follows for the following places, viz.: places, viz.:

```
80.2 max. 46.8 min.
                                    84·9 ., 34·4 ,,
87·9 ,, 37·5 ,,
83·7 ,, 36·2 ,,
                              ..
```

The Rainfall at the Royal Observatory for 1905 amounted to 30·17 inches, while 40·92 inches were registered in 1892. On Table Mountain (St. Michael's) 80·21 inches fell, but at Pella, on the Orange River, only 2·96, against 4·16 in 1904. Ceres received 48·08 inches, Graaff-Reinet 12·94, Queen's Town 21·39. In 1902 no less than 105·22 inches were recorded at the gauge fixed at 3,050 ft., near the summit of Table Mountain, and 95.57 inches in 1904.

Bieths, 1904.—The registration of births which happened in 1904, the tenth year wherein a general compulsory system was in operation still continues, and the total number of events recorded to the 15th April, 1905, is (a) 56,801, made up as follows, viz.:—European or White, 9,454 males and 9,006 females; Malay 291 males and 293 females; Fingo, Kafir and Bechuana 10,661 males and 10,187 females; Mixed and other 8,548 males and 8,861 females. The figures for the Colony Proper, i.e., excluding Bechuanaland and the Native Territories were total 46,419, comprising 9,006 male and 8,602 female Europeans, and 14,647 males and 14,164 females, "All Others." Of the full number of births 24,250 may be classed as Urban and 32,551 Rural. The corresponding figures for the Colony Proper are 23,557 and 29,862. Attending simply to the result derived for the Colony Proper it is found that European or White highly numbered others. Of the full number of births 24,200 may be classed as *Urban* and 32,301 *Rural*. The corresponding ngures for the Colony Proper are 23,557 and 22,862. Attending simply to the results derived for the Colony Proper it is found that European or White births numbered 5,298 male and 5,115 female urban, and 3,708 male and 3,487 female rural; similarly for "Other than Europeans or Whites," the figures stand as follows, viz., 6,631 males, 6,613 females; 8,016 males, 7,651 females. Taking the population (Census April, 1904), of the Colony Proper at 1,489,691 persons it is found that the total birth-rate computes to 31:16 per thousand. The European or White population was 553,452, the European birth-rate is therefore 31:81. The 1903 rate for Queensland, was 24:35; New South Wales, 25:28; Victoria, 24:45; and for New Zealand, 25:28.

(a) Excluding 1 case at sea.

DEATHS, 1904.—The total number registered to 15th April, 1905, amounts to (b) 40,654 composed of the following items, viz.:—European or White, 4,091 males and 3,123 females; Malay, 235 males and 210 females; Fingo, Kafir and Bechuana, 11,277 males and 10,057 females; Mixed and Other 5,881 and 5,780. In the Colony Proper i.e., exclusive of Bechuanaland and the Transkei, there were 30,784 deaths, 3,949 being of European males, 3,031 of European females, 12,419 of "All Other" males and 11,385 females. Excluding at sea cases there were 17,108 deaths in rural and 23,546 in urban areas; in the Colony Proper the division is 16,647 rural and 23,646 in urban areas; in the Colony Proper the division is 16,647 rural and 23,646 in urban areas; in the Colony Proper the division is 16,647 rural and 23,646 in urban areas; in the Colony Proper the division is 16,647 rural and 23,646 in urban areas; in the Colony Proper the division is 16,647 rural and 23,646 in urban areas; in the Colony Proper the division is 16,647 rural and 23,646 in urban areas; in the Colony Proper the division is 16,647 rural and 23,646 in urban areas; in the Colony Proper the division is 16,647 rural and 23,646 in urban areas; in the Colony Proper the division is 16,647 rural and 23,646 in urban areas; in the Colony Proper the division is 16,647 rural and 23,646 in urban areas; in the Colony Proper the division is 16,647 rural and 23,646 in urban areas; in the Colony Proper the division is 16,647 rural and 23,646 in urban areas; in the Colony Proper the division is 16,647 rural and 23,646 in urban areas; in the Colony Proper the division is 16,647 rural and 24,646 in urban areas; in the Colony Proper the division is 16,647 rural and 24,646 in urban areas; in the Colony Proper the division is 16,647 rural and 25,646 in urban areas; in the Colony Proper the division is 16,647 rural and 25,646 in urban areas; in the Colony Proper the division is 16,647 rural and 25,646 in urban areas; in the Colony Proper the division is 16,647 rural and 25,646 in urban ar 14,137 urban. Dealing only with the Colony Proper we find that as regards Europeans or Whites the urban deaths numbered 2,624 for males and 1,913 for females, and the rural 1,325 and 1,113 respectively, the corresponding figures for "Other than European 5,680, 5,989, 5,705. The Colony Proper population (Census April, 1904) amounted to 1,489,691, the total death ratper 1,000. With a European population of 553,452, the European rate is 12.61. For Victoria the Queens'and, 12.24; New South Wales, 11.69; and New Zealand, 10.40.

<sup>(</sup>b) Excluding 41 cases at sea.

Births and Deaths. Ten years.—As events of the earlier years are reported, the previously printed figures for those years are completed by the addition of the newly registered occurrences. The accompanying abstract, therefore, is as full as it can be made to the 15th April, 1905, when the last posting was made. (War and Concentration Camp cases in 1900, 1901, and 1902 not included.)

Government—Colonial Revenue.—The total amount recorded as actual was £8,472,302, composed of £3,214,283 from taxation, £4,806,512 from services rendered, £310,107 from Colonial estate, and the remainder, £141,400 was derived from interest, fines, &c. The revenue in 1903-4 was £9,913,855, 1902-3 £11,701,150, 1901-2 £9,050,371, 1900-1 £7,957,499, 1899-00 £6,326,274, 1898-9 £6,5317,574, 1897-8 £6,536,475, 1896-7 £7,389,965, 1895-6 £6,803,802, 1894-5 £5,390,170, 1893-94 £5,321,352, 1892-3 £4,971,214, 1891-2 £4,495,344, and in 1890-1, £4,143,876. The total receipts figure at £13,856,248, compared with £10,058,810 in 1903-4, £14,799,677 in 1902-3, £11,285,697 in 1901-2, £8,578,076 in 1900-1, £6,565,752 in 1899-00, £8,781,212 in 1898-9, £7,327,975 in 1897-8, £7,389,966 in 1896-7, £6,803,802 in 1895-6, £5,416,611 in 1894-5, and £5,621,352 in 1893-4. \*\*Expenditure under votes stood at £9,149,498 compared with £10,862,866 in 1903-4, £11,197,970 in 1902-03, £8,617,626 in 1901-2, £7,990,161 in 1900-1, £6,677,651 in 1899-00, £6,803,041 in 1898-9, £7,082,255 in 1897-8, £6,852,386 in 1896-7, £5,651,325 in 1895-6, £5,151,734 in 1894-5, £4,977,484 in 1893-4, £4,667,876 in 1892-3, £4,163,749 in 1890-1 and £4,284,864 in 1891-2. The chief heads of disbursements chargeable against ordinary revenue were Railways £1311,198, Debt £1,625,478, Police, Gaols and Convicts £770,683, Post Office and Mails £491,341, Buildings, Roads and Bridges £148,720, Defence £221,095, Lands, Agriculture, Forests, &c., £374,236, Medical £278,402, Education £422,008, Native Affairs £370,862, Civil Establishments £273,511—the grand total being £9,149,497. The expenditure under loans amounted to £1,548,812, of which £1,189,339 was for Railways (ordinary); £70,699 was spent on Local Works Loans, £4,479 on Buildings, £197,600 on War Losses Compensation, and £85,516 £xcise Loans. The expenditure since 1870 under \*Act of Parkament\* on Railways (ordinary expenditure for the period from 1870 to 30th June, 1905, is £1,814,783. The \*Total\* payments\* in 1904-1905 wer

<sup>†</sup> Township of Port St. John's only.

OTHER—Seventy-seven Divisional Councils raised £235,440 from rates and taxes, £10,261 from tolls and ferries; other items make up the total of £273,543, which is £30,302 more than expenditure, of which £171,460 went for roads, bridges, &c., £33,882 salaries, and £2,210 loans repaid. Municipalities.—The most noticeable items of income £1,752,105 are—rates and taxes, £700,103; market dnes, £37,640; loans raised, £452,593; lands, fees and licences, £320,760. On the other side of the secount it will be observed that £1,354,953 were spent on works and buildings; £377,448 loans repaid, &c.; £150,433 on salaries, and £2,739 in aid of police Village Boords are embryonic municipalities: their united receipts totalled to £10,221 in 1904-5, including balances. Rates and taxes produced £4,880, and licences, &c., £918; on works, buildings, streets, £3,952 were spent, and £2,192 on salaries and allowances. Harbour Hourds (92) have been constituted at four seaports. The expenditure during 1905 figured as follows:—Table Boy, £584,295; Algoa Bay, £454,430; East London, £241,201; Mossel Bay, £29,849. Hospitals.—Excluding the three Transkeian Cottage Hospitals, the eighteen large aided institutions giving returns had a grand total income of £99,404, whereof £58,280 had come from the Public Treusury, and £16,705 from paying patients; and an outlay of £101,941—£26,989 being spent on salaries, and £33,529 on provisions. Of the three Transkeian Hospitals, the total receipts and disbursements are respectively £3,931 and £3,504. The total Government Expenditure for Medical services is £303,745 a year, whereof £141,646 is for Asylums and Infirmaries, £3,588 for Hospital (King William's Town), £18,867 for District Surgeons, and £139,644 Medical (general) and Paupers. As regards the Dutch Reformed Churches the principal items comprising the Receipts £1764,410 were ordinary collections £19,433, special do £5,002, subscription towards salary of Minister £10,454, special £5,002. Bazaars £20,342. Pew Rents £9,041, Church Fees £7,313; Land Ren

#### EXCISE AND INCOME TAX.

The "Additional Taxation Act, 1904," was promulgated on the 31st May, 1904, and was continued so far as Part II. is concerned for another Year by the "Additional Taxation Act, 1905." promulgated on 2nd June, 1905.

INCOME TAX.—By Regulation No. 19 of the Income Tax Regulations it is provided that a Return accompanied by accounts, balance-sheets, statements and other documents should be furnished by:—

(1) Every person residing in the Colony whose total income arising or accruing from any source within the Colony, of £1,000 per annum.
 (2) The Agent or Attorney of every person permanently or temporarily absent from or resident out of the Colony, and the Trustee having the management care or control of the income of any person whose total income arising or derived from any source within the Colony exceeds the sum of £1,000.
 (3) The Public Officer of every Company carrying on business in or deriving or receiving income from any source within the Colony.
 (4) Every person to whom perticular notice requiring a Return shall be given by the Commissioner of Taxes or the Assessor.
 The tax payable in respect of incomes between various amounts is as follows:

 Incomes over £1,000 not exceeding £2,000 6d. in £1 on the portion over £1,000.
 Incomes over £2,000 6d. in £1 on portion over £1,000 up to £2,000, and 9d. in £1 on portion over £2,000.
 Incomes over £5,000 6d in £1 on portion over £1,000 up to £2,000, 9d. in £1 on portion over £2,000 up to £5,000, and 1s. in £ on portions over £5,000.

 Paterns of Amount of Tax Payable for the year 1905 will be found on page 90.

Returns of Amount of Tax Payable for the year 1905 will be found on page 90.

EXCIBE.—Colonial Bree.—Beer of a specific gravity of 1040 degrees and over, 9s. per 36 gallons of a standard gravity of 1057 degrees. Beer of a specific gravity of less than 1040 degrees 4s. 6d. per barrel (36 gallons). Lager Beer is charged at the first named

rate irrespective of gravity.

Colonial Spirits.—Distilled from the produce of the grape, 6s. per proof gallon.

Colonial Spirits.—Distilled from other materials than the produce of the grape, 10s. per gallon when of or below the strength of proof with a proportionate increase if of greater strength.

Foreign Spirits.—6s. per gallon up to proof with a proportionate increase for greater strength.

#### DEBT (PP. 91-94).

Government.—The amount of the Public Debt on the 31st December, 1905, was £42,109,561, whereof £36,820,384 was for the General Government and £5,289,177 for public works under the management of Corporate Bodies; £582,780 lay at 5 per cent., £1,652,387 at 4½, £16,737,213 at 4, £15,013,064 at 3½, £8,116,617 at 3. The annual charge on the revenue is £693,139. Of the debt £9,266,143 may be classed as "unreproductive," £596 402 as partially "reproductive," and £32,239,516 as "reproductive," Divisional Councils with £11,703 in Bank overdrafts, had loans outstanding to the total of £31,459. Municipal Councils similarly with £229,460 overdrawn at the Bank, had outstandings of £5,775,420. Cape Town is answerable for £3,012,350 of this, Port Elizabeth for £865,202, and Kimberley and King William's Town for £53,962 and £111,822 respectively, Wynberg £255,281, Green Point £111,550, Oudtshoom £105,901, and Grahamstown £76,405. The Municipal arrear rates, exclusive of those for 1905, figure at £28,272 and the Divisional at £26,020.

#### REVENUE AND EXPENDITURE AND PUBLIC DEBT.

#### BRITISH SOUTH AFRICA. §

The Revenue and Expenditure of the Cape Colony is compared with that of the other Administrations in British South Africa, in the

#### IMPORTS, EXPORTS, AND SHIPPING (PP. 95-174).

IMPORTS.—The total value of Goods Imported—including Government importations but excluding Specie (£239,943)—in 1905 amounted to £19,760,970, of which no less than £11,309,218 represents imports from the United Kingdom, against £3,551,863 from Other British Possessions and £4,899,889 from Foreign Countries. Merchandize alone "imported" and "entered for consumption" amounted to £19,293,720 and £18,384,851 respectively in 1905, showing a decrease on the figures for 1904, which were £19,995,229 and £19,540,304 respectively.

EXPORTS.—The total value of all Exports—excluding Specie (£42,994) — was £33,769,216. To the United Kingdom went £31,752,677; to Other British Possessions, £96,362; to Foreign Countries, £1,920,177. These figures include Imported gcods re-shipped to the value of £461,866, thus leaving £33,307,350 of purely South African Produce, among which should be noted 3,461,914 carats of Diamonds in the rough, value £6,758,623, and raw South African Gold 5,667,519 ounces valued at £20,731,159

SHIPPING INWARDS.—The total number of Vessels that Entered Inwards at all the Ports of this Colony in 1905 was 2,667, with a tonnage of 11,247,559: 2,228 were British ships and 439 Foreign. 2,363 were steamers and 304 sailing vessels: 1,076 entered direct from places beyond the Colony, and 1,591 Coastwise.

Customs Union Trade.—Of the total Merchandize entered for consumption in 1905 (£18,384,851) goods to the value of £84,564 were declared for consumption in Basutoland, £69,658 for Bechuanaland Protectorate, £1,659,316 for the Orange River Colony, £114,994 for Natal, £416,576 for Rhodesia, £2,943,413 for Transvaal, and £13,096,331 for purely Cape Colonial trade: making in all £18,384,851 in 1905 against £19,540,304 in 1904.

CUSTOMS DUTIES actually collected on all goods entered for Consumption in 1905 amounted to £2,279,440 gross, of which the Cape Colony has had to pay over £11,237 to Basutoland, £9,120 to Bechuan-land Protectorate, £222,151 to the Orange River Colony, £10,135 to Natal, £22,921 to Rhodesia, £196,919 to the Transvaal, and £20 to Swaziland. The net duties retained in the Colonial Treasury after satisfying all the charges thereon were £1,806,937 in 1905, against £1,973,141 in 1904.

THE CUSTOMS UNION on 1st January, 1904, comprised the Cape Colony and late Orange Free State (from 1st July, 1889), Basutoland (from st July, 1891), the Bechuanaland Protectorate under the High Commissioner's direct Administrative Control (from 1st July, 1893); Natal (from 3rd January, 1899); British Bechuanaland formed part of the Customs Union until the 16th November, 1895, when it was annexed to the Cape Colony; whilst Southern Rhodesia entered into a Customs Union Agreement with this Colony on the 1st August 1899, which terminated on the 16th April, 1901. On the 15th August, 1903, Transvasl and the whole of Rhodesia entered the Customs Union. Swaziland entered the Customs Union, 11th October, 1904.

#### † RAILWAYS, TRAMWAYS (PP. 234-241).

Government.—The amount of Capital entitled to interest on lines open to 31st December, 1905, was £29,047,230, the net receipts per cent. of capital being £3 6s. 10d., against £1 11s 8d. in 1904, £3 4s 9d. in 1903, £6 10s. 3d. in 1902, £4 8s. 4d. in 1901, £6 5s. in 1900, £4 12s. 7d. in 1899, £4 13s. 11d. in 1898, £6 2s. 6d. in 1897, £8 19s. 7d. in 1896, £7 9s. 10d in 1895, £5 6s. 5d in 1894, £4 16s 11d. in 1893, £4 14s. 8d. in 1892, £4 13s. 4d. in 1891, and £5 15s. 10d. in 1890. The Western System gave a percentage of £3 9s. 11d., the Midland £3 18s. 1d., and the Eastern £2 3s. 1d. In all, 2,808 miles on the average were open for Traffic in 1905; 20,611,384 passengers were conveyed at d 1,836,946 tons (2,000 lbs. each) of goods conveyed, the train miles run being 9,323,039. The earnings amounted to £4,047,065, compared with £4,144,319 in 1904, £3,520,537 in 1900, £2,792,975 in 1899, £2,953,090 in 1898, £3,070,897 in 1897, £4,078,561 in 1896, £3,390,093 in 1895, and £2,713,753 in 1894, being £1,441 5s. 3d. per mile of line open, or 8s. 8:2d. per train mile, and the expenses to £3,076,920, against £3,719,822 in 1904, £4,622,590 in 1903, £3,779,256 in 1902, £2,875,571 in 1901, £2,198,205 in 1900, £1,830,321 in 1899, £2,012,390 in 1698, £1,898,316 in 1897, £1,921,809 in 1896, £1,596,013 in 1895, and £1,483,771 in 1894, being 6s. 7 2d. per train mile, the expenses being therefore 76 per cent of the earnings. The capital expenditure was £29,973,024, and 305 miles of line were under construction on 31st December, 1905. The cost per mile was £10,034. The working rolling stock consisted of 666 locomotives, 726 carriages, 9,916 trucks, and 659 other vehicles

Private.—The lines belonging to the Cape Copper Company (101 miles), and those between Graham's Town and Port Alfred (43½ miles), and between Worcester and Riversdale (147 miles), carried in all 140,132 tons of ore and merchandize. The Cape Copper Company Lines carried 9,243 passengers. as compared with 5,332 in 1904; Grahams Town—Port Alfred, 8,943 in 1904 (1905 figures not given); Worcester-Riversdale, 53,601 in 1905 and 67,000 in 1904. The Zwartkops Salt Pan line of 7 miles is only used for carriage of salt, and in 1904, 1,746½ tons were conveyed. The Bechusnaland Railway Company's line is 112 miles (in the Colony) and the traffic returns are included in those of the Government lines.

Tramways - Private and Municipal.—There are electric tramways running from Campe Bay to Cape Town, from Plumstead to Cape Town and in the City, and in Port Elizabeth and in East London; at Kimberley a horse-tram service (Victoria Tramway Co.) ministers to the wants of the people in this regard. The average number of passengers carried per month in the Cape District is 1,454,173 (including 52,473 on the Camp's Bay Line); 320,000 in Port Elizabeth; 150,000 in East London (Municipal Tramway); and 55,000 in Kimberley.

#### CAPE GOVERNMENT RAILWAY TARIFF, APRIL, 1906.

PASSENGEE FARES.—First and Second Class passenger fares are based on a sliding scale, First Class commencing at 2½d. per mile and falling to 2d., and Second Class commencing at 1½d. per mile and falling to nearly 1½d. per mile; Return Tickets are charged approximately a fare and two-thirds. Third Class is 1d. per mile, and Return Tickets a fare and half. Special fares are in force on Suburban Lines and from Port to Port. Circular Tickets available over the Cape and Orange River Colony, and as far as Johannesburg and Pretoria in the Transvaal are issued at £27 First Class and £18 Second Class, and at lower fares for shorter distances.

The following are the Passenger Fares from Cape Ports:

The Single Tickets are available for one calcular month and the Return Tickets for three months.

Persons purchasing return tickets for any of the Ports at Stations distent more than 100 miles therefrom, for the purpose of proceeding to Europe, Australia, India, or America are allowed thirteen months in which to complete the backward journey, provided that prior to returning by rail, they produce a certificate obtainable from the Purser of the vessel by which they travelled.

Persons visiting South Africa from Europe, Australia, India, or America, purchasing return tickets at any of the Ports for Stations

Persons visiting South Africa from Europe, Australia, India, or America, purchasing return tickets at any of the Ports for Stations distant more than 100 miles therefrom, are allowed thirteen months in which to complete the backward journey, provided that, at the time of booking, they produce to the Booking Clerk a certificate obtainable from the Purser of the vessel by which they travelled.

Lugoage — Passengers are allowed: — First class, 100 lbs.; Second class, 75 lbs.; Third class, 50 lbs. Commercial travellers are allowed double the weight of luggage granted to other passengers, any excess weights being charged at half excess luggage rate.

PARCELS.—Parcels are charged according to scale, the rates being somewhat similar to those in operation on English lines. Periodicals, South African Productions, &c., are carried at reduced rates.

Goods.—Imported produce (wheat, mealies, oats, flour, meal and bran) is, at present, charged at 1½d. per 2,000 lbs. per mile, with terminals. South African produce is charged for distances beyond 30 miles, ½d. per 2,000 lbs. per mile, with terminals. Import cargo of all descriptions is conveyed at very low rates. It is loaded into railway wagons at Cape Town Docks, Fort Elizabeth Piers or Beach sidings, and also at the East London Harbour, and is conveyed direct to destination.

LIVE STOCK.—Horses, mules and cattle are conveyed at reasonable rates.

Oversea Traffic for the Diamond Fields is carried at the following Rates from the Coast to Kimberley.—(Cape Colony).

From.		Distance.	Second Class Rate for groories, aerated waters, beer, spirits, carbon in bags for electric lighting purposes, crockery furniture in cases, mining machinery, oils, (O.R.), stoves in parts securely packed in full cases, sulphuric acid in two ton lots, packed in accordance with the Explosive Regulations, O.R., tobacco, clothing, dynamite (one ton and over), tools and general goods.	Third Class Rate for cement, food (prepared) for horses, cattle, and in lots of not less than six tons, O.R., printing material.

#### TELEGRAPHS—POSTAL (PP. 242-4).

TELEGRAPHS.—At a cost of £865,670, 8,019 miles of telegraph line and 31,004 miles of wire, with 558 offices, had been opened for transmission of messages to the end of 1905, in which year the profit shown on working was £33,591. In all 2,952,643 messages -67,946,566 words—were forwarded in 1905. There were also 5,694 miles of telephone wire and 4,470 renters.

POSTAL.—The number of letters despatched to England and other over-sea countries from the G.P.O. in 1905 was 7,596,600 and the number of papers and books, 3,706,960. The number of registered letters despatched inland and abroad was 533,208. The Revenue and Expenditure of the Postal Department were respectively £423 056 and £456,171 contrasted with the Revenue and Expenditure of twenty years ago of £125,633 and £183,060 respectively. Money Orders.—The total number issued in the Colony during 1905 was 509,136 amounting to £1,494,940 and drawn on the Colony 412,568 of £1,247,566. "Through orders," i.e., money orders exchanged between the adjoining Colonies and oversea countries via the intermediary of the Cape Town Office of Exchange, were remitted to the extent of 655 to the value of £3,302, and received from abroad, 802 of £5,915.

To U. S. A., 3s. 6d. to 4s. per word.
To India, 3s. 9d. (Eastern Route).
To China, 6s. 3d. to 6s. 11d.
To Japan, 7s. 4d. (Eastern Route).

Wages and rent of wages and rent of a labourer's cottage or hut and of a town lodging for a mechanic's family in certain localities is given on page 245, a summary for the Colony on pages 250-1. Prices of provisions, clothing, bedding, live-stock, animal productions and agricultural produce are specified for certain chief centres, with summaries of five years. In 1905 the average daily rates of wages paid to tradesmen were as follows in the undermentioned Cities, viz., Cape Town, East London, Port Elizabeth:—Compositors, 12s., 12s. (6d., 11s. 6d., 2 Carpenters and Joiners, 11s. 3d., 15s., 12s.; Manoss and Bricklayers, 11s., 15s., 14s.; Painters, 8s. 6d., 10s., 9s.; Saddlers, East London, 9s.; P.E., 10s.; Thumiths, 11s. 6d., 11s., 10s.; Blackmiths and Wagonmakers, 11s., 10s., 14s.; Tailors and Shoemakers, East London, 9s.; P.E., 10s.; Thumiths, 11s. 6d., 11s., 10s.; Blackmiths and Wagonmakers, 11s., 10s., 14s.; Tailors and Shoemakers, East London, 9s.; P.E., 10s.; Thumers, P.E., 7s. 6d. The rent of a town lodging (suitable for a mechanic's family) was 80s., 100s., 60s., respectively per mensem. At the same date the average prices of provisions gave the following results for the old Colony, viz.—Floury, 3d. per 10s., 19s., 1

#### RATE OF WAGES AND THE LABOUR MARKET.

A few extracts from reports furnished by Civil Commissioners on the Rate of Wages and the Labour Market, during 1905, may not

ALBANY.—Trade is still depressed in this Division and European labour is plentiful. Many are out of employ. Building has practically ceased and wages are reduced. Native labour is plentiful and equal to the demand.

BARKIY EAST.—The rate of wages both for European at d Coloured persons is on an upward tendency in Urban as well as Rural areas. European labour is well equal to the demand. There is a demand for Coloured lab ur on the farms.

BARKLY WEST. - No demand for ordinary European labour. Skilled labour difficult to obtain and always in demand. The demand for Coloured labour greatly exceeds the supply.

BEAUFORT WEST .- The demand and supply of the different branches of the labour market are about equal-both as regards the European and Coloured population.

Barrsrows.—The rate of wages for both European and Coloured persons remains about stationary. The demand for Coloured farm labourers exceeds the supply—many farmers having signified their in ability to procure hands for harvesting and shearing.

CLANWILLIAM.—The rate of wages for both European and Coloured persons is normal. The demand for European labour is fully met; there is a great demand for Coloured farm labour. The Coloured people are very independent and many farmers are unable to get shepherds and farm labourers.

COLESBERG.—The farmers use the bywoner freely as being most suitable for their work and are paid in stock or kind on the h-lves system. Coloured labour is of a very inferior kind, both in town and country, and is hardly equal to the demand.

East London.—The tendency of Urban rate of wages, both European and Coloured, has been slightly lower than in 1904. Farm labour is equal to the demand, rates ruling slightly below last year. The average daily wages of European tradesmen is somewhat lower—the supply of skilled labour having exceeded the demand.

Heischel,—No demand for European labour. Coloured labour equal to the demand. A large number of Natives go cut to work at other centres. Wages moderate.

HUMANSDORP.—Rate of wages, both Urban and Rural, for Europeans remains normal, but there is a tendency to rise as regards Colour d persons on account of the difficulty in getting them to work. Demand and supply as regards Europeans is about equal, but the demand for Coloured labour exceeds the supply. There are plenty of Coloured persons, but they will not work, preferring to loaf

Kimerlay.—Wages for skilled labour, European and Coloured, duving 1905, have remained much the same, though the depressed state of trade has tended to cause a slight reduction. Unskilled labour has received a trifle lower wage. The demand for skilled labour has fluctuated chiefly owing to circumstances. The development of the Bultfontein and Du Toitspan mines created a sudden demand for skilled labour for construction work. On completion many hands were dismissed, such as carpenters and men of allied trades. But the working of these mines required a larger number of skilled Europeans, of other trades, and of compounded Natives. The De Beers Co. have been pursuing throughout a rigorous retrenchment policy. Yet, in spite of this, there is a constant demand for mechanical skilled labour, such as fitters. The construction of the Klerksdorp Railway and the starting of work at the new mine of the Kimberley West Diamond Co. have also increased this demand. The unemployed problem is less acute than last year.

Kine William's Town.—Good European tradesmen command the wages previously paid in spite of the depression. Native labour remains cheap and the supply is in excess of demand.

LADISMITH .- Wages are higher than it has been for some time. There is plenty of work for labourers, and the demand and supply are about equal.

MALMESBURY .- Rate of wages slightly on the increase. The supply of coloured labour is barely sufficient to meet the demand.

MIDDELBURG.—The supply for European and Coloured labour is equal to the demand.

Mosser Bay.—Rate of wages for European and Coloured persons practically unaltered. In all branches, and in spite of railway works, supply continues to exceed demand.

MURRAYSBURG.—The rate of wages for both races is high at present. The supply is equal to the demand. There is sufficient labour for both European and Coloured.

NAMAQUALAND.—In rural areas there is a slight increase in the rate of wages of Coloured farm servants. In Urban areas there is no change in the rate for European or Coloured persons. The demand for Coloured farm servants and mine labourers is greater than the supply. Most of the labourers are brought from German South West Africa.

mand for European labour. Rate of was persons is upward. The wages generally paid to farm labourers are not commensurate with their services and, in consequence, there is a clamour for better wages. PAARL.—With regard to the rate of wages for European and Coloured persons the tendency is distinctly downwards. Owing to the general depression the supply of the different branches of the labour market is quite equal to the demand, which is somewhat slack at the present time.

QUEENSTOWN.—The rate of wages for both European and Coloured persons has varied very slightly. There has been very little d mand for either skilled or unskilled labour, and the supply at prevent exceeds the demand.

RIVERSDALE.—The rate of wages remains unchanged. In the town the supply of European and Coloured labourers is quite equal to the demand. The case is, however, quite the opposite in the district—labourers being hard to procure.

Somesset East.—There is no tendency to increase the wages of European or Coloured artisans and labourers. No demand for skilled labour and for ordinary unskilled labour the supply is equal to the demand.

STELLENBOSCH.—The rate of wages for Coloured persons has a tendency to a slight increase. For Europeans the rate remains unaltered. The supply of European labour is greater than the demand. Coloured labour is in demand and does not fully met the requirements of the farming population.

Swellendam.—Wages for European and Coloured persons (Urban and Ruval) have a downward tendency owing to no public works being at present carried on in this district. The state and tendency as regards the demand and supply on the different branches of the labour market is fairly well balanced, both for European and Coloured persons.

VICTORIA EAST.—There is a slight decline in the rate of wages for both European and Coloured persons. The supply and demand for Europ an labour is fairly belanced. Coloured labour greatly in excess of demand.

MAPERING.—In consequence of the large number of un imployed Europeans seeking work, the rate of wages now offered is somewhat lower than formerly, especially amongst miners, well-sinkers, railway platelayers, and such like For Coloured persons the rate remains much the same. The supply of European labour considerably exceeds the demand, and those who, unfortunately, are out of employment experience considerable difficulty in getting anything to do. The supply of Coloured labour is inadequate to meet the demand. The supply exists to a large extent, but is not forthcoming.

MOUNT CURRIE.—The rate of wages (Urban and Rural) both for European and Coloured persons remains the same. The European community being small the demand for European labour is not very great and, in consequence, the supply is slightly in excess of the demand. As regards Coloured persons the demand is far greater than the supply. Farmers and others are continually complaining that they are unable to obtain sufficient unskilled labour to properly work their farms.

St. Marks.—The tendency of rate of wages for Coloured skilled and unskilled labour is to increase slightly, doubtless owing to the increased demand. There are no European labourers, and for skilled European labour the rate of wages remains practically unchanged. There is very little demand for European labour skilled or unskilled. Coloured labour is fairly abundant throughout the whole district.

#### PRODUCTION (PP. 255-270).

Land.—The estimated area of the Colony (with annexed Territories) is 177,376,660 acres, whereof 45,572,308 including reserves, outspans, &c.) are undisposed of. The transactions during 1905 include 2,511 sales and alienations under the land laws, alienating 286,355 morgen the purchase amount being £25,656 and annual quitrent £2,056; 63 titles issued after amendment in regard to 70,046 morgen, and 144 freehold grants of 680 morgen. In all 2,718 titles were passed for 357,582 morgen, the total purchase amount being £25,656, and the annual quitrent £2,298. The nett alienations were 756,643 acres. Details of land sales and leases, and of sales on quitrent and redemption of quitrent are given in returns Nos. 3 to 6.

Industries.—The total number of Industries (exclusive of mines, diggings and quarries), for the Census year ended 31st March, 1904, was 2,527, and the number of persons engaged therein, 30,318, of whom 15,629 were Europeans. Of the 2,527 Industrial establishments, 65 used electric power, 303 stesm, and 237 oil or gas. The approximate value of the articles produced is given as £9,040,579. Mines, &c., 90 Institutions, under the description of mines, diggings and quarries, were returned at the Census 1904, and which are not included in the above. The total number of persons engaged in these pursuits was 22,412, of whom 3,451 were Europeans. The value of articles produced is put down at £5,371,193. For further particulars see Census Report (C. 19 of 1905). The total number of Fash caught, according to the Census results, during 1903, at 37 stations, is returned at 8,114,080. 433 boats (7 steam and 426 sailing boats) were engaged, with 2,185 hands. A partial fisheries return for the year ended 31st December, 1905, is shown accounting for 7,899,857 fish worth £73,868\* East Pans are found in 17 Divisions, the largest being in Kimberley, Port Elizabeth, Uitenhage, Malmesbury, Piquetberg and Cradock. Copper Mines are worked at three centres in Namaqualand (the quantity worked by 2,290 hands in 1905 being 94,854 Imperial tons), and Coal at several in Albert, Queen's Town, and Molteno, and one in Wodehouse—the total production being 164,112 tons, of which 91,086 came from Indwe. The total weight of Gold registered on the Millwood goldfield amounted to 3,868 oxs. since 1818 —the output for 1905 was 98 ozs. The reader who wishes to follow the fluctuations of the Diamond output and its value per carat, will observe three tables on pp. 262 and 263, showing events month by month since 1898. The highest average paid per carat for exports from Kimberley division, wherein 2,430 white and 11,243 coloured men are employed daily, and amongst whom 187 accidents in which 48 persons were employed, amongst these there were 118 accidents

#### ACCUMULATION (PP. 271-278).

Banks.—The following remarks merely apply to the results for the Colony. Legal tender notes in circulation on 31st December, 1905 amounted to £1,058,805 and other notes to £6,446—the former being an item introduced since 1st January, 1892. Deposits fixed stood at £4,522,166 and floating at £7,102,706. Under the head of assets, £2,676,533 was returned as the amount of coin in the bank coffers at the end of last year: Cape Government securities were held to the extent of £2,550,107; bills under discount figure at £902,751 covered, and £3,914,336 unsecured; and loans and advances at £6,243,426. Overdrawn accounts (unsecured) are returned at £375,150. Including £2,054,773, bills received for collection, and a corresponding amount on the other side of the statement, the sum total of assets and also of liabilities for the quarter ended 31st December, 1905, was £20,749,988. To facilitate comparisons between the statements under the new and old Bank Act, the figures for the last five half-years have been adjusted as far as practicable to the headings under the Act of 1865, and the returns under that Act have been republished for 1881, and for 1888 to 1890. A few figures may be of interest:—

In 1991 there were 11 hanks now there	are comen						

P.O. Savings Bank had on 30th June, 1905, 349 branches, with 172,542 deposits of £1,698,177. There had been in 1904-1905, 90,571 withdrawals, removing £1,945,130. 22,150 accounts had been opened, 23,243 closed, and 98,328 remained open with £2,266,946 (including interest) to the credit of such open accounts—an average of £23 ls. ld. The King William's Town Savings Bank had 1,911 depositors with £76,685 to their credit. In the Cape of Good Hope Savings Bank 6,952 accounts with £227,972 to credit remained open. Value of Troperty.—The total value of fixed property in the Colony proper, including property in towns as assessed for Divisional Council purposes, was £87,078,268, while the value of property in Municipalities was £53,948,225 according to the Municipal rating. In five cases the Divisional Council rate is as high as 1½d. in the £, and in one case 1½d.; but considerable variations are noticeable in Municipal rates. As regards the Divisional Council assessments, the valuations are given separately for Municipal, Village Board and Rural Areas, being respectively £47,634,180, £1,676,551, and £37,768,537. It will be noticed therefore that there is a difference of £6,314,045 (compare with £7,037,484 in the previous year and £9,152,829 in the year before that), between the Municipal and Divisional valuation of properties in Municipalities.

#### LAW AND CRIME (PP. 279-324).

Thanspers and Bonds.—Transfers to the number of 13,654, representing a value of £6,321,771, were passed in 1905; while 7,825-bonds of £6,770,035 were passed, and 5,787 of £3,826,040 were cancelled. There were also 321 bonds for £210,110 connected with insolvent estates, cancelled. Insolvences.—Two hundred and thirty-eight estates were compulsorily sequestrated in 1905, but it has been found impracticable to state the full amount of the assets and liabilities. The estimated assets were £574,636 and liabilities £833,170. Of the 527 estates voluntarily surrendered, the assets and liabilities were respectively £701,408 and £1,013,941. Writs.—By the Superior Courts 882 writs were issued in 1905, the amount to be levied being £353,292; the number of processes other than Writs served by Sheriffs and Deputies was 10,640.

Prisoners.—Males to the number of 46,145, besides 7,045 females, were inmates of Lock-ups and Prisons (which contained 1,281 separate cells). Of white persons received during the year, 40 were males and 4 females under 16 years of age, and 5,933 were males and 251 females over 16: the corresponding figures for coloured persons were respectively 771; 85; 37,255; and 6,343. The discharges numbered 44,645 transfers 6,044 escapes 70, deaths 63 (the cases of illness lasting more than 48 hours being 2,207), other disposals (i.e., releases on bail, &c.), 7, while 2,361 people remained in confinement. The average cost of provisions is: bread 31d., beef 8½d., mutton 71d., ric 2½d. per 1b., and mealies 13s. 7d per 100 lbs. The Gaol Establishment at 31st December, 1905, was 700 strong, the Cape Mounted Police mustered 1,752, the Urban Police Force (Cape District), 447, and the ordinary Police (Ordinance 25 of 1847), were 1,660 in number: while the Convict Establishment stood at 338 all told. Convicts.—Of the newly admitted convicts 258 were of European descent, 859 were Hottentots and Bushmen, 1,452 Kaffirs, while the remaining 93 were made up of Malays, Chines\*, &c. As to age, 134 were under 19 years, 2,096 between 19 and 40, and 432 over 40 years. 2,198 were inmates of Convict stations for the first time—292 being in on second, and 172 on reiterated convictions. The terms of imprisonment are classified as follows, viz.:—For one year and less, 1,864; for 3 years and above one year 676; for 7 years and above 3 years, 89; above seven and short of life, 26; and for life, 7. All to'd, the daily average computed to 2,882-6 convicts; of these 1,975 were at hard labour on Public Works, 322 employed on station, 61 sick in hospital, and 524 non-effective. The number dealt with during the year 1905 was 5,907, of these 2,669 were newly convicted: the year ended with 58 less on hand than there were at its beginning, the discharges being 2,585 deaths 40, desertions 11, and transfers 417.

Special Justice of the Peace Courts.—Of these

Special Justice of the Peace Courts.—Of these there were 16. The apprehensions numbered 581, and the convictions 468, while the cases of 7 persons were disposed of by Resident Magistrates, being beyond the jurisdiction of Spl. J.P.'s. Convictions for offences against good order figured at 237, including 51 drunkenness cases, and there were 64 convictions for assaults, 51 for thefts, and 102 for contraventions of the Masters and Servants Acts. Resident Magistrates' Courts —The number as far as accounted for of persons accused before Magistrates in 1905 was 70,343: of which 13,411 (19:06 per cent.) were white males, 553 (0:79), do. females, 48,850 (69:45) coloured males, and 7,529 (10:70) do. females. 79:19 per cent., or 55,708 were convicted, and the cases of 1,264 (1:80 per cent.) were transmitted to Superior Courts. 13:09 per cent. were acquitted, dismissed or discharged. The 55,708 convictions were imposed on—as far as can be computed—50,029 distinct individuals, 6:54 per cent. having been convicted twice in the year, 1:24 thrice, 0:38 four times, 0:13 five times, and 0:11 six times and upwards. Confining attention to the two chief points—convictions and transmissions to Superior Courts—the following figures in respect thereto are presented for the different classes of crime, viz.:—Offences against person, 6,000 and 525; Person and Property, 504 and 264; Property, 6,531 and 373; Good Order, 30,009 and 34; Carrying out laws, 968 and 29; Forgery, Currency, and Revenue Offences, 536 and 18; Public Welfare, 11,160 and 21. A more general survey of the main results disclosed by the Crime Return can be made with the aid of the following table, which shows for 1903, 1904, and 1905 the percentage proportion of the convictions and transmissions.

Class of Crime.	Yes	r. total	tage of aumber ricted.  Percentage of total number ser on to Superior Court

The Punishments inflicted by R M.s in the largest number of cases were:—Fine or imprisonment with hard labour, 37,273; imprisonment with hard labour, 6,948; fine (-imple), 5,612; fine or imprisonment, 1,250; whipping, 461; whipping and imprisonment with hard labour, 314. Civil Cases may be particular sed as follows, viz.:—45,168 of £582,602 compared with 18,297 of £210,693, in 1898 were recorded, 9,969 of £114,752 (4,508 of £47,696 in 1898) were withdrawn, and 32,333 were decided, the awards amounting to £342,685 compared with 12,989 in 1898 with £118,362, while 2,866 of £41,625 were postponed or were undisposed of. 4,188 decrees of civil

Superior Courts.—Criminal Cases.—The total number of indictments in 1905 was 714, of which 323 are credited to Supreme, Western and Northern Circuit, 328 to Easter District, E., Northern and Transkeian Circuits, and 63 to High and N. Circuit Courts. Under offences against the Person there were 267 convictions; Person and Property, 189; Property, 213 (75 being for stock theft). In all, there were 700 convictions and 230 acquittals, while 53 cases were otherwise disposed of. The Judges in Chambers reviewed 5,033 cases in 1905, confirming sentences in 4,849, quashing 98, and amending and confirming 86. Civil Cases.—Of these, 6,544 were disposed of in 1905, 861 being illiquid; the Supreme Court and Western Circuit dealing with 5,183, the Eastern Dittries, Eastern and Northern, with 1,053, and the High Court with 299. For over £250 there were 278 judgments, the amount of all judgments being £358,430. The courts sat 706 and in 1895, 67 in 1895, 48 in 1896, 64 in 1897, 67 in 1898, 55 in 1899, 42 in 1900, 78 in 1901, 88 in 1902, 107 in 1903, 113 in 1904 and 80 in 1905, when there were twelve judicial separations. Punishments.— Eight persons were sentenced to death, 97 to corporal punishment with or without accessories, 508 to imprisonment with hard labour.

INQUESTS. - Rockoning inquests and investigations together, it is found that 1,543 of these transactions took place in 1896, 1,939 in 1897, 2,464 in 1898, 2,276 in 1899, 2,780 in 1900, 2,510 in 1901, 2,859 in 1902, 3,095 in 1903, 2,929 in 1904 and 2,716 in 1905, the number having doubled since the passing of the Births and Deaths Registration Act. The causes of deaths are set forth in the Report of the Registrar General of Statistics relative to Births and Deaths.

#### RELIGIOUS, EDUCATIONAL AND CHARITABLE INSTITUTIONS (pp. 325-337).

ECCLESIASTICAL.—The Return relating to the Receipts and Payments in connection with Churches is condensed from the statement published in the Census volume, and therein fully reported on (see pp. 532-9 of G. 19/1905). During the Census year there were 2,403 places of Worship (capable of holding 490,432 persons), whereat the average attendance was 256,277, and the number of communicants 264,748.

All the churches combined had in 1903 an income of £627,080 and an expenditure of £617,435.

At 2,108 Sunday Schools the attendance was put at 96,189. In all, the various congregations included 713,329 individuals, 341,988.

whereof were white.

EDUCATION.—Besides aiding five Colleges attended by 611 students, the Education Department made grants in 1904-1905 to 780 Public Schools, 700 Mission Schools, 4 District Boarding Schools, 682 Industrial Training Schools, 20 Special, 529 Private Farm Schools, 261 "Poor Schools," and 24 Evening Schools, and the total expenditure on the 3,000 Institutions and the office staff, &c., amounted to £147,796. The Government Expenditure in 1904-05 per pupil in average attendance was £2 10s. 8d. 2,922 schools with 164,506 children on the books, and 151,954 sctually present were inspected during the year 1904-5, with the result that 1,311 were registered above standard, 1,474 under VII, 3,253 under VI., 5,859 under V., 10,897 under IV., 14,345 under III., 19,200 under II., 20,069 under I., and 73,686 below any standard. It is interesting to note that just after the passing of the Education Act of 1866, there were 392 schools, with 32,875 scholars; in 1875, 641, with 54,167; in 1884-5, 994, with 76,018. The University.—539 undergraduates having matriculated in 1905, the roll of undergraduates stands now at 6,648, while 1,367 persons have passed (121 in 1905) the Intermediate Examination in Arts, and 829 have taken direct degrees (59 in 1905). 713 Cartificates for Law and Jurisprudence have been issued (not including 172 to Transvaal, O.R.C. and Natal), and 487 for Land Surveying. 672 persons have passed the Civil Service Law (not including 50 from the Transvaal and O.R.C.), 12 the C. S. Higher Law, 3 Civil Service Preliminary LL.B., and 321 the Mining Examinations. Elementary School Examinations, under the auspices of the University, have been held since 1875, and School Music Certificates have been granted in twelve years, besides 129 to music teachers.

Charitable Institutions.—25,374 inmates of General, Gaol and Lock Hospitals, Orphanages, Refuges, &c., have been accounted

Music Certificates have been granted in twelve years, besides 129 to music teachers.

Chartable Institutions.—25,374 inmates of General, Gaol and Lock Hospitals, Orphanages, Refuges, &c., have been accounted for. Of these 2,034 died and 5,700 remained. Hospitals.—11,315 cases were under treatment in the chief Colonial hospitals in 1905: 8,196 were cured, relieved, and unimproved, and 1,160 died. The full number of nurses and servants was 523. Besides these there were 7,039, cases in three Transkeian Cottage Hospitals, and the two Transkeian Leper Asylums, the four Lock, two Railway hospitals, the Copper Company's hospitals at O'okiep and Port Nolloth and the four Mining Hospitals at Kimberley; the number of cured was 3,651, of relieved 1,980, of unimproved 116, while 541 patients died. Asylums.—At the seven Asylums (a) the deaths were 168 in number. Special tables regarding Asylums are exhibited on pages 335-6, from which it appears that the recovery rate of insane was 36.0 per cent., and the death rate 9.6 per cent. in 1905, calculated in the first case on admissions, and in the second on the total average number resident. Cost of Patiests.—The average cost of a patient varies from 1s. 14d. in the Emjanyana Leper Asylum to 27s. 5d. in the Vryburg Hospital, and from 5s. 4d. in Port Elizabeth to 10s. 11d. in the Mafeking Hospital. Friendly Societies.—The 1904 Census return (which is the latest complete one) accounts for 129 societies and 10,077 members. Census return (which is the latest complete one) accounts for 129 societies and 10,077 members.

(a) Including transfers.

#### LIVESTOCK AND AGRICULTURE: CENSUS 1904.

LIVE STOCK.—There were 255,060 horses, 164,903 mules and asses, 60,907 bulls, 540,310 milch cows, 533,983 oxen, 819.191 other cattle: 11,818,829 sheep, 7,162,463 goats, 385,945 pigs, and 358,370 ostriches in the Colony on the 31st March, 1904 (for further particulars see pages 361—364).

A comparative summary, showing the numerical increase or decrease since the census of 1891, is shown on page 365.

AGRICULTURAL AND PASTORAL PRODUCTS.—The quantity of wheat produced in the Colony during the year ended 31st March, 1904, was 567,266 muids (one muid equals three bushels), of oats 809,002; barley, 306,821; mealies, 1,131,708; kafir corn, 325,196; rye, 93,808; and potatoes, 627,644 muids (sot including sweet potatoes, 140,192 muids).

Of oathay 67,742,477 bundles had been reaped, 5,309,389 lbs. of tobacco were produced during the same period. The quantity of butter made was 553,686 lbs. salt and 3,051,323 lbs. freeh. The clip of wool is returned as 42,244,731 lbs. and Mohair 8,956,629 lbs.

The Ostrich feathers plucked in the Colony totalled to 389,051 lbs.

WINE AND BRANDY.—The quantity of wine and brandy or spirits made was: red wine, 1,460,721 gallons; white wine, 4,225,950 gallons, and brandy or spirits, 1,534,069 gallons.

AGRICULTURAL AND LIVESTOCK RETURNS, 1891-1904.—Comparative Tables of Agricultural and Livestock Returns, 1891-1904, for the Colony Proper, i.e. the Colony, excluding the Native Territories and Bechuanalaud, will be found on page 373.

#### LIVESTOCK: CENSUS, 1904.

#### BRITISH SOUTH AFRICA.

In the Table printed below the total head of cattle, horses, mules and asses, and sheep and goats it shown for the whole of British South Africa, and the Cape Colony figures compared with those of the other administrations. It has not been found practicable to give the figures in greater detail.

#### SUPPLEMENTARY RETURNS, 1906.

The Import, Consumption, Export and Shipping Returns are given in considerable detail for the Quarter ended 31st March, 1906. Abstracts of Banking, Railway and Telegraph business are shown to the 31st March, 1906, as are some Educational Statistics. A return of Actual Revenue (unaudited) received during the nine months July, 1905, to March, 1906, is also given. Certain recent particulars regarding Transvaal, Orange River Colony and Rhoderia Railways and of the Gold Output of the Transvaal are given under this heading instead of in the Report, as well as comparative tables (1891-1904) for the Colony Proper, of Agricultural Produce, Live Stock, Pastoral Products and the quantity of Wine, Brandy and Raisins produced.

#### CONCLUDING REMARKS AND ACKNOWLEDGMENT.

It was at the close of last year before the Statistical Register for 1904 was completed, the late issue of which was explained in my report for that year. The collection and compilation of Returns for the succeeding year was in consequence delayed by at least one month, and to this cause, and also the difficulty experienced in obtaining statistical returns of any description from the Customs Department, may be attributed the belated appearance of the complete volume of the Register for 1905. It will be noticed, with regret, that many of the important Customs returns which had hitherto formed a considerable portion of the Previous Editions of the Statistical Register have been consisted from the important Customs and the many positive of the constaller of Customs for 1905. omitted from this issue, and the reason assigned for this may best be quot d from the report of the Controller of Customs for 1905:-

"Owing to the establishment of the Statistical Bureau on the 1st July last, and the consequent adoption of Returns framed on an entirely different system, and which could not in many instances be assimilated with those heretofore published by this Department, I regret that I am not this year in a position to present quite such full and complete information as I should have wished of the trade of the Colony."

It is hoped, however, that in the Register for the current year this omission will be obviated, and that we shall be in a position to

publish these important returns in detail, as heretofore.

I have again to express my appreciation of the very great assistance rendered so willingly by my staff.

The co-operation of the Officials connected with Local Government Institutions, of Ministers of Religion, of Commercial men, and of

The co-operation of the Officials connected with Local Government Institutions, of Ministers of Religion, of Commercial men, and of many private individuals, is also gratefully acknowledged.

It is with sincere regret that I have to record the retirement from the Service on 1st July, 1905, of my esteemed predecessor, Mr A. C. Dale, I.S.O. For some months in 1903 and 1904 he had been engaged, in the capacity of Assistant Director, on the preliminary work of the Census, and to the conscientious performance of these arduous duties, combined with the worries of his own department, is attributable in a great measure the unfor unate breakdown of his health, which even ually led to his retirement on pension. Mr Dale entered the Service in the Colonial Secretary's Office in 1876, and, after passing through the various grades of promotion, was appointed Principal Clerkin 1881. In 1890 he held, in addition, the appointment of Assistant Director of the Census. In 1891 he was appointed Registrar in the Statistical Branch; Registrar of Births and Deaths, under Act 7 of 1894, in January, 1895; Registrar-General of Statistics in 1902, and Assistant Director of the Census in 1903-1904. He was the Editor of the first Statistical Register of this Co'ony in 1887, which partly took the place of the annual Blue Book. In 1894 he was entrusted with the framing of the Regulations in connection with the Births and Deaths Registration Act No. 7 of that year, and thereafter with the compilation of the Statistical Tables, &c., for the annual report relative to Marriages, Births and Deaths—the first volume of which relating to the year 1895, was issued in 1896. He also had charge of the annual collection of Agricultural and Livestock Statistics from 1892 to 1899 which had, unfortunately, to be discontinued on account of the outbreak of hostilities.

In 1903, in recognition of his long and exemplary service, the coveted distinction of the Imperial Service Order was conferred upon him by the Imperial Government. I need hardly add that Mr. Da

best wishes, of his former staff, for his comp'ete restoration to health.

A. J. BRINTON,

Registrar-General of Statistics.

General Register Office, Colonial Secretary's Department. Cape of Good Hope, 28th June, 1906

The railways of the Cape Colony were originally commenced by private enterprise at Cape Town, and when, in 1873, the lines were taken over by the Government, only 63 miles were open. New construction was then undertaken in the shape of three separate systems starting from the principal scaports of the Colony, viz.:—Cape Town, Port Elizabeth, and East London.

In 1885, 1,599 miles had been opened for traffic, and for a period of some three years there was a suspension of further work, though the necessity of making progress towards the establishing of through communication within the Colony, and the securing of the trade of the inland States to the north of the Colony, was constantly kept in view.

Consequently on the discovery of the Gold Fields in the Transvaal abnormal development in railway construction ensued, and the same is now, and has been, observable in respect to the rapid extension of the railways in Rhodesia.

In December, 1905, the Cape Government Railways consisted of 2,987 miles of line, divided into three systems, known as Western, Midland, and Eastern.

1. The WESTERN SYSTEM, starting from Cape Town, extends to Vryburg, a distance of 774 miles.

The following branch lines form part of the Western System:—Wynberg and Simon's Towa (20 miles), serving the populous suburbs of Cape Town and watering places in its vicinity. Malmesbury, Eende Kuil line (110 miles), which leaves the main line at Kraaifontein Junction. From Kalabas Kraai on this line there is a 2 feet gauge line to Hopefield via Darling, a distance of about 47 miles.

These two branches serve a very important grain-producing centre. On the main line there are alternative routes between Durban Road and Mulder's Vlei, one of which (the branch—26 miles) serves the Stellenbosch district. At Eerste River on the Stellenbosch line there is a branch to Sir Lowry Pass and Caledon (66 miles), which serves a rich agricultural district.

Another branch leaves the main line at Paarl, and runs through a fertile district to French Hoek (via Simondium)

From De Aar there is a branch line to Prieska (112 miles) which was opened for traffic on the 19th September, 1905.

On the let December, 1905, the line of Railway known as the Sea Point Railway (3½ miles long) was opened for traffic. The Government is guaranteed against any loss in working this line, interest on Capital, etc., for a period of ten years, by the Municipal Council of Green and Sea Point.

On 16th December, 1905, the line (2½ miles long) from Van der Stel—31¼ miles from Cape Town on the Sir Lowry Pass line—to Somers t West Strand was opened for traffic. The Government is guaranteed against any loss on working, &c., as in the case of the Sea Point line, by the Municipal Council of Somerset West Strand.

The New Cape Central Railway, a private line constructed under Government subsidy 204¼ miles long, runs from Worcester through Swellendam and Riversdale, to Fore Bay (4½ miles from Mossel Bay) where it joins the Government line which is being constructed from Mossel Bay to George. Trains run through to Mossel Bay, the small section of Government line being worked by the New Cape Central Company.

structed from Mossel Bay to George. Trains run through to Mossel Bay, the small section of Government line being worked by the New Cape Central Company.

The Cape Flats and Suburban Railway Syndicate constructed a short line of Railway from Maitland, where it joins the main line of the Cape Government Railways, to Ottery Road on the Cape Flats, a distance of 7 miles. This line was opened for traffic on the 1st February, 1904, and until the 31st May, 1904, was worked by the Cape Government Railways on behalf of the Syndicate. From the latter date for a period of 2 years, the Government has undertaken to work the line at its own risk, but at the conclusion of this period the old arrangement whereby the Government worked the line on behalf of and at the risk of the Syndicate will be reverted to. Parliament authorised by Act 14 of 1904, the extension of the Cape Flats line to Diep River, a distance of about 3½ miles from the present terminus at Ottery Road, but work has not yet been commenced on this extension.

A short line, 4 miles in length, was built by the Milnerton Estates Co., Ltd., from Craig's Crossing—which is situated between Woodstock and Salt River Stations—to the Milnerton Estates. This branch is worked by the Government on behalf of the Milnerton Estates Co.

The Cape Government Railways end at Vryburg, where the lines of the Rhodesia Railways, Limited, commence. The length of line between Vryburg and Bulawayo (Bulawayo exclusive)—588 miles—is worked by the Cape Government Railway Department for the owning Company at actual cost, and from Bulawayo northwards the lines are worked by the Beira and Mashonaland Railways.

Railway extension in Rhodesia has been progressing rapidly within the last few years; from Bulawayo there is now through communication to Gwelo, Salisbury, Beira and the Victoria Falls (282 miles from Bulawayo and 1,644 miles from Cape Town).

Parliament authorised by Act 38 of 1902 the construction of the following lines, further to open up the Western districts of the Colony:—

A 2ft. gauge line from Hopefield towards Vredenburg for a distance of 14 miles at a cost of £25,000.

A 2ft. gauge line from Ceres Road Station to Ceres (10\frac{1}{4}\) miles) at a cost of £44,167

A 2ft. gauge line from Victoria West Road (Hutchinson) Station to Carnarvon (77\frac{1}{2}\) miles) at a cost of £184,915.

A 2ft, gauge line from Hopefield towards Vredenburg for a distance of 14 miles at a cost of £15,000.

A 2ft, gauge line from Victoria West Road (Hutchinson) Station to Carnarvon (7f‡ miles) at a cost of £184,915.

Construction on the Hopefield-Vredenburg and Ceres Road—Ceres Line has not vept been commenced.

The Carcarvon line is being built as a 3ft. 6 n. gauge line, in terms of Acts 29 of 1904 and 44 of 1905.

The Carcarvon line is being built as a 3ft. 6 n. gauge line, in terms of Acts 29 of 1904 and 44 of 1905.

By Act No. 29 of 1904, Parliament authorised the Construction of a line of railway from a point of junction with the Caps Government Railways at or about Fourteen Streams to the border of the Transvaul, a distance of about 4 miles. This line forms a connection with a new line which is being built from Klerksdorp to the Transvaul Beroder, and will thus make the content from the Caps Government Railways at or about Fourteen Streams to the border of the Transvaul, a distance of about 4 miles. The laying of the rail has been completed throughout and the line will be operated for traffic in the beginning of April.

Provision was also made in Act of 100 for £84, 10 to 100 for £84, 10

In 1898, Parliament authorised the construction of a narrow gauge line from a point at or near Port Elizabeth to Avontuur, a distance of 179 miles. This line and the Hopefield line on the Western System are a new departure in Cape Government Railway construction and working, as they are light railways of a 2 feet gauge instead of the standard gauge of 3ft. 6ins. The experiment will be watched with much interest.

be watched with much interest.

The line was opened for traffic as far as Two Streams (91 miles) on 1st March, the remainder being under construction.

Per Act 16 of 1904 Parliament authorised the construction by the South-Western Railway Co., Ltd., of a 2ft. gauge line from Knysna to a point near Yzernek in the District of Knysna, a distance of about 16½ miles. In terms of this Act the Company is being granted a subsidy by the Government calculated at the rate of £800 per mile. Construction work on this line is proceeding.

3. The EASTERN SYSTEM, starting from East London, was originally constructed to Aliwal North (280 miles), lying on the south bank of the Orange River, the boundary between the Cape Colony and the Orange River Colony.

In 1891 a junction with the trunk lines through the Orange Free State towards the Transvaal was effected by a connecting line from a point 33 miles south of Aliwal North to Springfontein, in the Orange Free State (314 miles from East London)

As before stated, through communication between the Eastern, Midland and Western districts exists, and a junction line further south has been constructed from Cookhouse to King William's Town (132½ miles) thus forming another connection between the Midland and Eastern Systems.

There are branch lines from Blaney to King William's Town (10 miles), an old established centre, and formerly a military station of some magnitude; from Sterkstroom to Indwe (66 miles), connecting with the Indwe Coal Mines; and from Aliwal North to Lady Grey (39¾ miles).

Grey (393 miles).

There is also a light line of standard gauge between Bowker's Park and Tarkastad, a distance of 33 miles.

Surveys have been made through the fertile and generally densely populated native districts of the Transkei and East Griqualand, with a view to future railway connection with the sister Colony of Natal.

Parliament authorised by A.t. 38 of 1902, the construction of the following lines, which will further open up the Eastern Districts

A 3ft. 6in. gauge line from a point at or near Amabele Loop to Butterwor h towards Umtata, a distance of 78 miles, at a cost of £619,045.
 A 3ft. 6in. gauge line from Indwe to Maclear towards Kokstad, for a distance of 107 miles, at a cost of £596,901.
 A 2ft. gauge line from Aliwal North to Gairtney (47 miles) towards Baraly East, at a cost of £148,849.

Construction on the Amabele-Butteeworth and Indwe-Marlesr Railways is proceeding favourably. The former was opened for traffic to Eagle (54 miles) on the 1-t November, 1905, and the latter was opened as far as Ugie (854 miles) on the 18th March, 1906.

The Aliwai North-Gairtney Line has been built as a 3ft. 6in. gauge line to Lady Grey (394 miles), as far as the funds voted by Parliament will allow, in accordance with Act 29 of 1904, and was opened for traffic on the 2nd November, 1905.

Parliament, per Act 48 of 1905, authorised the construction by a Company styled "The St. Johns-Kokstad Railway Company. Limited," of a line of railway of the standard gauge from a point adjacent to the Umzimvabu River at the Port of St. Johns to Kokstad. This line, which is 142 miles in length, is subsidized by the Government, the subsidy authorised being calculated at the rate of £1,500 per mile.

Parliament, per Act No. 49 of 1905, also anthorized the

Parliament, per Act No. 49 of 1905, also authorised the construction by a Company styled "The St. John's-Umtata Railway Company, Limited," of a line of railway 76 miles in length from a point upon the proposed St. John's-Kokst d Railway (authorised by Act 48 of 1905) at Isenuka to Umtata. The line authorised is of the standard gauge, and a subsidy will be paid by the Government in respent thereo', calculated at the rate of £1,500 per mile. Those two lines, when completed, will open up the une'ive districts of Pondoland and the Transkel.

On the 31st December, 1905, the mileage of the Cape Government Railways open for traffic was 2,987, and the length authorised and under construction on that date was 305 miles. The gross receipts for the twelve months caded December 31st, 1905, were £4,047,065 compared with £3,144,319 for the year 1904; the working expenses were £3,076,920 compared with £3,719,822 for the year 1904, resulting in a return of £3 6s. 10d. per cent. on capital expended as compared with £1 11s. 8d. per cent for the previous year.

Through railway communi at on now exists between all the Government lines of the Cape Colony to Bulawayo, Wankie, Victoria Falls and Salisbury in Rhodesia; to Beira in Postuguese East Africa; to Bloemfontein, Johannesburg, Pretoria and Pietersburg on the Central South African Railways, and via Germiston (Transvaal) to Durban, and other important centres in Natal, and Delagoa Bay in the Portuguese territory.

the Portuguese territory.

The existing Colonial lines, in common with all South African lines—save the private line 92 miles in length, owned and worked by the Copper Mining Company in Namaqualand, isolated from any Government line, which has a gauge of 2ft. 6in., and the 2ft. 0in. gauge lines referred to herein—are constructed on a gauge of 3ft. 6in. The lines are well and substantially laid, and both the rate of speed and their general comfort and equipment are admittedly creditable. Especial attention is devoted to the peculiar requirements of long journeys and the variations of climate experienced; corridor saloons, carefully constructed with a view to comfort and stability, are provided on the through trains. They are fitted with lavatory accommodation and electric light, while the provision of bedding at reasonable charges adds materially to the comfort of the Passingers.

On the opening of the line from Fourteen Streams to Klerksdorp in the beginning of April, 1906, an entirely new train service will be inaugurated.

On the opening of the line from Fourteen Streams to Klerk-dorp in the beginning of April, 1906, an entirely new train service will be inaugurated.

The following trains will run for the conveyance of passengers:—

A daily train leaving Cape Town in the f. renoon, for Johannesburg and Pretoria via Kimberley and Fourteen Streams, conveying all classes of passengers. On Tuesday mornings the train will leave from the Docks for the convenience of passengers arriving by the Mail Steamer who wish to proceed up country at oace. The Department has accredited representatives at the Docks for the purpose of furnishing arrivals by the Mail Steamer with any information they may desire in regard to Railway matters.

A daily train via Naauwpoort and the Orange River Colony, for Johannesburg and Pretoria, leaving Cape Town in the evening, conveying all classes of passengers. This train to nects with trains for Port Elizabeth and East London, thus making a daily train to all Systems of the Cape Government Railways.

On Thursdays the African Express Train de Luxe will leave Cape Town for Johannesburg and Pretoria via the Orange River Colony, conveying 1st Class passengers only.

The train leaving Cape Town on Tuesday mornings will connect with the Zambesi Express Train de Luxe which will run between Kimbsrley and the Victoria Falls, leaving the former place on Weinesday evenings, raturning from the Falls on Saturday afternoons, and arriving at Kimberley on Monday evenings to connect with the train arriving in Cape Town on Wednesday mornings. The Zambesi Express train is the property of the Rhodesia Railways, and conveys 1st and 2nd Class passengers only.

Dining Cars will be attached to all through trains, thus obviating any necessity for lengthened stops at stations to enable passengers to partake of meals.

The character of the country traversed by the Cape Government Railways near the coast is greatly diversified on each averture, though

The character of the country traversed by the Cape Government Railways near the coast is greatly diversified on each system, though, when the higher altitudes are reached, the general characteristics are usually similar. On the Western and Midland Systems the scenery is perhaps the more imposing, while on the former line the vast stretches of the dry Karoo region, apparently barren and parched throughout a great portion of the year, are not without a certain charm of their own.

After rains, the great latent fertility of the Karoo region is apparent, for within a marvellously short space of time the whole face of the country becomes carpeted with flowers of brilliant hue, which, with the bright crispness of the atmosphere, add greatly to the enjoyment of the traveller.

The Eastern line through much of its length traverses an open grassy country, presenting many interesting features.

The Government issues Tariff Books periodically, containing full information upon all matters likely to be of interest or service to the public, such as fares, rates, distances, &c.

Λ return of the No. of Voters in each Electoral Division in 1904 appears in Return No. 12, p. 36z.

Note.—Act 5 of 1904, provided for the increase of the Members of the Legislative Council to 26, and thereby allowed the Western Electoral Province, South Eastern Electoral Province, and the Eastern Electoral Province to each return one additional representative.

The same Act also authorised the increase of the House of Assembly to 107 members. The additional 12 representatives were returned by the following Electoral Divisions:—East London, George, King William's Town, Paarl, Oudtahoorn, Port Elizabeth, Queen's Town, Uitenhage, Woodstock, and Wynberg one each, and Cape Town two.

## INCREASE OF POPULATION. EUROPEAN OR WHITE, AND OTHER THAN EUROPEAN OR WHITE.

No. 1.—TABLE of the RATE of DUTY LEVIED on each ARTICLE IMPORTED.

#### FREE LIST.

- No. 77. All animals bred and articles grown, produced or manufactured within the Union, except:
  - (a) Flour, wheaten, or wheaten meal, including pollard, manufactured from other than South African wheat.
  - (b) Spirits, beer, or blasting compounds, distilled or manufactured in the Union, should a duty be imposed under Article XVII. of Convention.

#### ARTICLE III.-PREFERENTIAL ARTICLE.

A rebate of Customs Duties shall be granted on any goods and articles, the growth, produce or manufacture of the United Kingdom imported therefrom into the Union for consumption therein to the extent following:—

- (a) In the case of goods and articles liable to Customs Duty under Class I, II or V, a rebate of 25 per cent. of any duty chargeable thereon at an ad ralorem rate, but of no other duty, and
- (b) In the case of goods and articles liable under Class III to duty at an ad valurem rate of 2½ per cent. a rebate of the whole of such duty.

Provided, that the manufactured goods and articles in respect of which such rebate as aforesaid shall be granted shall be in fide the manufactures of the United Kingdom, and that in the event of any question arising as to whether any goods or articles are entitled to any such rebate as aforesaid, the decision of the Minister or other Executive Officer in whom the control of the Customs Department immediately concerned is vested, shall be final.

#### ARTICLE V.

On and after the coming into operation of the Convention signed at Brussels on the 5th day of March, 1902, between the United Kingdom and other Powers relating to the abolition of the bounties on sugar, a special additional duty equivalent to any bounty which may be granted on sugar from any country which is not a party to the said Convention shall be levied and imposed on importation into the Union of such sugar. For the purposes of this Article the term sugar shall include sugar products such as preserve, chocolates, biscuits, condensed milk and all other analogous products containing in a notable proportion sugar artificially incorporated.

#### ARTICLE XIII.

The collection of the Customs Duty imposed under Class I. of the foregoing Tariff upon fresh, chilled and frozen meat and on animals for slaughter, shall be suspended until such time as a majority of the contracting parties to the Convention agree that such suspension shall be removed.

#### ARTICLE XV

Any Colony or Territory within the Union may provide for the suspension of the whole or part of the Customs Duties imposed by the foregoing Tariff on the importation for consumption in such Colony or Territory of any goods or articles comprised in the first part of Schedule "C" of the Customs Union Convention; and the Territory of Southern Rhodesia may, in addition, provide for the suspension in whole or part of the duties on any goods and articles comprised in the second part of such Schedule; provided

- (a) That legislative provision be made for the payment during the period of such suspension by the Government of the said Colony or Territory of a bounty on similar goods and articles imported upon a due declaration for consumption within the said Colony or Territory from any other part of the Union and produced or manufactured therein solely from Union Products, such bounty to be equivalent to the duties suspended and to be received and paid in accordance with regulations mutually approved by the parties immediately concerned.
- (b) That in the case of the Territory of Southern Rhodesia no bounties shall be payable until the expiration of two years from the coming into force of this Convention.

## ARTICLE XVII.

Any Colony or Territory belonging to the Union may at any time levy a Customs duty upon ale or beer, spirits and blasting compounds, the produce or manufacture of any other such Colony or Territory, not exceeding any duty of excise which may be levied by the importing Colony or Territory on the produce or manufacture of articles of the like description within its own borders, provided that such articles from whatsoever part of the Union they may be imported shall be liable to uniform duties.

Where a duty of excise is levied on any article in any Colony or Territory belonging to the Union, such article may be removed under bond under terms of Article XI to any other Colony or Territory in the Union.

under bond under terms of Article XI. to any other Colony or Territory in the Union.

Where a prohibition exists in any Colony or Territory of the Union against the manufacture of spirits for sale, it shall be lawful for such Colony or Territory to levy on spirits produced within the Union a Customs Duty not exceeding that levied on similar spirits produced outside the Union.

## ARTICLE XVIII.

Any Colony or Territory belonging to the Union may, under suitable regulations, rebate the whole or the part of the duty on methylated spirits or alcohol imported solely for manufacturing or scientific purposes, within its borders, and on soap and other substances imported for and exclusively used in connection with the industry of wool-washing.

## ARTICLE XX.

For the purposes of estimating the amount of Customs Duty whenever levied on goods ad ratorem, and of the declaration and caths which may be at any time required by any law or regulations in relation to the question of such duty, the current value of such goods shall be taken to be the true current value in the open market for such goods at the place of purchase by the importer or his agent, including the cost of packing and packages, but not including agent's commission if it does not exceed 5 per cent.: provided that in no case shall the true current value as above defined be less than the cost of the goods to the importer at the place of purchase.

e Previous to the year 1886 the weight of Mails conveyed by Travelling Post Office was not shown.

• Decreases in the number of letters, &c., during 1896 are explained by the fact that Mail Matter exchanged between the South African Republic and Oversea Countries commenced to be transmitted in Closed Bags in February of that year, previously it was inculated through the Cape Town Office in open Transit.

† Includes mails to all oversea countries.

No. 47.—Showing the Number and Amount of Money Orders issued in the Cape Colony, and made payable therein in each of the last three years, distinguishing the Countries in which the Orders were made payable and issued.

a Exclusive of extent of farms transferred to, resumed by and surrendered to Government. b Inclusive of do. † According to latest

Note.—One Morgen=2:1165402 Acres.

MEMO.—On Acreage disposed of and undisposed of.

As no general Survey of the Colony has been made, it is impossible to state exactly the area undisposed of. From the latest calculations that have been made, however, the area of the Colony, including Griqualand East and West, Tembuland, Transkei, Port St. John's, Walfish Bay, Pondoland, and British Bechuanalaud is estimated at 83,805,012 Morgen (177,376,660 Acres). The quantity of Land disposed of up to the end of 1905, being about 62,129,473 Morgen (131,804,352 Acres), there appear to remain undisposed of 21,214,077 Morgen (45,572,308 Acres), in which are included some Loan Places still unconverted, Missionary Institutions, Native Reserves and Locations, Outspans, Commonages, and Crown Lands, held under license in terms of Act No. 40 of 1895. This area is exclusive of that part of the Railway Land Grant in British Bechuanaland which was undisposed of on the 31st December, 1905, of about 1,282,493 Morgea or 2,714,449 Acres.

No. 2.—Showing the Number of Titles to Land issued in 1905, in each Division of the Colony, distinguishing the Extent so alienated, the Purchase Money received, and

GOLD.													
Knysna, Div. Millwood	August, 1887	31st December, 1905	3868	The registered output for year 1902 was 25 ozs.; for 1903, 12 ozs.; for 1904, 36 ozs.; and for 1905, 98 ozs.									
ASBESTOS 'riceka No return for 1889-04	35 persons employed in 1	893, 380 in 1894, 420 in 189 <i>8</i>	5. none in 1896-7.	45 in 1895, and 109 tons in 1898, and 60 in 1898. No statistics for employed, 501½ tons, value £5,000.									

Coal has been discovered in outcrops at various points along the Plateau lying between the Drakensberg range and the Matiwane fountains, and along the southern slopes of those mountains, between the Kei and Umzimkulu Rivers, mostly in thin seams of varying lality, but no extensive boring or examination of the country has been made. Some specimens of coal from the Cala district are of good saritime steam quality.

GENERAL NOTE explanatory of system upon which Special J. P. and R. M. Crime Returns are compiled:—

<sup>1.</sup> An offender is on the preferment of every fresh charge during the period to which the statement relates, treated therein, on each occasion, as a new misdemeanant brought up for first time, and in the event of being accused simultaneously of the commission of two or more distinct species of crime is separately entered for each.

<sup>2.</sup> It should be observed that the number of Cases tried is not necessarily the same as that of Persons accused.

<sup>3.</sup> When a preliminary examination has been held, and the case, after submission to the Attorney. Solicitor-General, or Crown Prosecutor, has been by him remitted for further action to be taken thereon by R. M., the said examination is treated as a prosecution.

<sup>4.</sup> To sach species of crime separately has been assigned a complete entry in all the columns.

<sup>5.</sup> Entries regarding persons awaiting trial before Circuit Courts are recorded in the column placed next after the "Conviction" column.

No. 20.—Showing the Number of Persons Accused before Magistrates in 1905, specifying the Nature of the Offenors charged against them, and stating how the Cases were disposed of.

a. Number of Colleges. b. Number of Students.

Calculated on system differing from that previously adopted—allowance now being made for withdrawals and re-admissions.

Corresponding figures for 1888-9 being 70,140; 1889-90, 72,799; 1890-1, 79,419; 1891-2, 83,323; 1892-3, 88,713.

No. 8.—Showing the Government Expenditure per Pupil in each of the last eight financial years.

The Government Expenditure per Pupil in average attendance was £2 10s. 8d. in 1-05, £2 5s. 0½d. in 1903-04; £1 19s 8d. in 1902-03; £1 17s. 0d. in 1901-02; £1 17s. in 1900-01; £2 0s. 6d. in 1899-1900; £1 19s. 10d. in 1898-9; £1 19s. 5d. in 1897-8; 16s. 10d. in 1896-7; £1 18s. 5d. in 1895-6.

This calculation is based on the actual payments in aid of Schools, and excludes the ning of teachers, cost of departmental administration and inspection, Grants for University Education, and for Agricultural Schools.

No. 9.—Showing the Number of Persons who Matriculated, Graduated, or were admitted to ad eundem Degrees in the University in each Year since its Incorporation, distinguishing the number who presented themselves, who passed, and who passed with Honours (First Class), and the Number who passed in the different Degrees, as well as the Number who have obtained Proficiency Certificates.
